

ND 64/25

Perhaps you'd prefer a ferry trip from one of our neighbouring countries. Sweden has over 60 ports, with Silja Line one of the shipping companies serving a few of them. Five million passengers travel on these white ships every year, making it the biggest and most modern passenger fleet in the Baltic and the North Sea. They sail in the beautiful archipelago in the fairways between Sweden and Finland.

ND 64/25**231

The total road network in Sweden is so vast that it would stretch 10 times round the earth. European Highway 4 runs through the country from North to South like a vital artery. Because of the long distances involved, lorries have got longer and longer. However, there is a legal limit of 24 metres in length.

BENCH/DESK DISPENSERS

METAL BENCH DISPENSERS

Series 1100

ND 1190**232

ND 1100**232

A fair number of SAABs have been seen on Swedish roads since 1947, when Svenska Aeroplan AB (SAAB) discovered that they could also build cars. In 1994 alone, approximately 90,000 were sold. The Swedes like cars with front wheel drive because it makes it easier to drive on snowy and icy roads. It seems that a few others have discovered this too — SAABs are now exported to 45 countries. Did you know that there are 3.6 million cars in Sweden today — that's 404 cars per 1,000 inhabitants?

BENCH DISPENSERS

The dispenser takes two 25 mm wide rolls of tape, or one 50 mm roll. It can be used with all types of tape, for all types of packaging applications and assembly-shop work.

ND 1190 comes with a clamp for fixing the dispenser securely to bench tops.

Series 2111

ND 2111**202

BENCH DISPENSERS

Cycles are enjoying something of a renaissance. In the centres of the old towns everything is only a stone's throw away, and the pedestrianised streets and cycle paths which been made in recent years make it easy to get around on foot or bike.

The ND 2111 series takes tapes with roll diameters of up to 200 mm. ND 2111, takes a tape width of 100 mm.

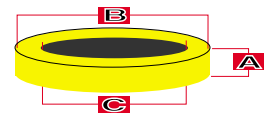

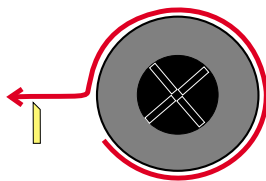

This dispenser is used chiefly for packaging and assembly-shop work and may be used with all types of tape.

Optional accessories:

Customer's choice of color
